Observations... From Around Town

(BY JAY WHOZIT)

Just in case you haven't yet done so, let us remind you not to forget to send your contribution to the March of Dimes Drive. Your dime may help to put some unfortunate victim on the road to recovery, and remember, that victim could be you or someone near and dear to you. . . . we know that the city and county officials are doing all they can to secure state or federal aid with which to restore our beach road and seawall, but until such aid is received, something should be done temporarily, to keep the tiling under the undamaged parts of the hardsurfaced streets from washing away, because it can be plainly seen that some spots of heavy rain in recent months have caused erosion to such an extent that the sidewalks and streets are about to cave in. . . . these places should be filled in and kept intact until such time as permanent repairs can be made. . . . furthermore, the remaining unsightly debris of our beach front should be removed, piled up and buried in order to at least give our town an appearance of cleanliness. . . . nearly twelve hundred fans turned out on Wednesday evening to witness the basketball game between the Force of David team and Perkins Junior College at Bay High gym, and they were really treated to a great show. . . . sale of the gas line in Harrison County, by the City of Bay St. Louis to the United Gas Pipe Line Company, should result in a saving to the City of many thousands of dollars. . . . it won't be long now until there will be another building material supply company in town. . . . this with the news we gave you some time ago about the new furniture store to be opened in the not-too-distant future, shows that business is really picking up in our town. . . . there has been lots of favorable comment about the proposed Mardi Gras parade and celebration, being sponsored by the Bay High School PTA, and which will be staged on Tuesday, February 10th. . . . real estate at the present time seems to be at a standstill, with very little sales being reported. . . . can this be the calm before the storm? Well we hope so, because we need something around here to sort of break the monotony. . . . in case you're interested, this column is observing its first birthday this week, and we hope you've enjoyed reading it; if you have, that's swell, if not then drop us a line and tell us what you would like. . . . the Mississippi Legislature got into full swing with the inauguration of Governor Fielding Wright and other state officials on Tuesday of this week, and now that they are all settled things should begin to pop down Jackson way. . . . that youngster sliding around on the ice Sunday morning in the yard behind the Catholic Church was really having a big time, oblivious of the amusee glances of early morning church goers. . . . L. & N. train service between New Orleans and the Coast was held up for about nine hours Saturday as a result of the derailment of the Hummingbird between Long Beach and Pass Christian, about 7:30 A. M. . . . this was the second time a similar accident had befallen the Hummingbird within three days time. . . . if you haven't yet paid your city and county taxes, remember February 1st is the dead line to get them paid, without penalty.

Funeral Services For Mrs. George Pitcher Held In New Orleans

Mrs. Alice Uniacke Pitcher, wife of George E. Pitcher died at the Baptist Hospital on Monday, January 19 at 12:40 p. m. following an extended illness. Her funeral was held from Tharp-Sontheimer-Tharp Funeral Home on Wednesday, January 21 at 2 p. m. with the rites of the Catholic Church. Interment was in Metairie Cemetery, New Orleans.

Mrs. Pitcher was a native of New Orleans but had made her home in Bay St. Louis for more than 35 years. She was noted for her far reaching charities and general hospitality. She was the last of her immediate family and leaves no one to mourn her passing but Mr. Pitcher.

Going from here for the funeral were Mr. and Mrs. A. Exnicios, Miss Josie Miller, Mr. and Mrs. Leo W. Ford, Mr. and Mrs. F. V. Bruen, Mrs. Charles G. Moreau, Mrs. Lucien M. Gex and Mrs. M. A. Phillips.

Honor Student

Charles Traub III, Grandson of Captain and Mrs. Charles Traub, Sr., of this city, a midshipman at Oregon State College, made an "A" plus average for the fall term. His average was the highest in the Naval Reserve Midshipman Unit at the college and also one of the highest in the school. His name was placed on the Honor Roll. He is a Fish and Game Management Student at Oregon State.

Representatives Of County Committee Meet With Legislators

Bills Drawn and To Be Introduced To Place Beach Road On Highway System And For State Appropriation For Making Repairs

Representatives of the Hancock County Rehabilitation Committee went to Jackson on Wednesday, to meet with the Representatives of the three Coastal Counties.

A conference was held at the Edwards Hotel with Senators Houston Evans of Harrison County, and Cornelius Lader of Hancock County, and with Representative Reece Bickert of Harrison County, Hermes Gautier of Jackson County and Francis Lee of Hancock County, on the necessity of State aid to Hancock County for the repair of the beach roadway.

The consensus of opinion was that Hancock County needed assistance from the State, and that in order to secure this aid, that it would be necessary that the beach road be declared a State Highway and placed in the Secondary System of State Highways, and that this work would have to be done, if it was authorized by the State Highway Department.

A conference was arranged with Hon. Walter Spiva, Director of the State Highway Department, and with Mr. Harris, the Chief Engineer, and they were in accord with the plans, stating that before they could act it would be necessary that the road be declared a State Highway, and that it would also be necessary for the Legislature to make an appropriation to pay for the work to be done, and that they in the event would assume the job of rebuilding the roadway.

Following this conference, the attorneys of the local committee and the members of the Legislature proceeded to draw the necessary bills to have the road declared a State Highway and placed on the secondary system, and to draw an appropriation bill. Both of these bills will be introduced shortly in the Senate by Senators Houston Evans and Cornelius Lader.

Those in attendance from Hancock County were: Ed. P. Orte, President of the Board of Supervisors; Robert L. Genin, Attorney for the Board of Supervisors; J. R. Rollins, County Engineer; Garfield Lader, Mayor of the Town of Waveland; H. Grady Perkins, Commissioner of the City of Bay St. Louis; Lucien M. Gex, City Attorney; Octave Delph, President of the Bay St. Louis Rotary Club; Frank Cooper, representing Howard Leffissier, President of the Hancock County Chamber of Commerce, and Dan M. Russell, Jr.

Remember Carnival On February 10th.

Everyone is urged to remember the big Carnival and parade for Bay St. Louis on February 10, sponsored by the Bay High P. T. A.

This event is for the children of Hancock County, and all rural schools have been asked to participate through the County Superintendent of Education.

All business firms who have not been contacted are urged to call Mrs. George Horton.

This will be fun making day in Bay St. Louis and everyone should help show the kids a big time.

Gulf Coast Council Of Chambers Of Commerce Meet At Pass Christian

The Hancock County Chamber of Commerce was represented at the Gulf Coast Council of C. of C.'s meeting held at Pass Christian at the Mirimar Hotel on Wednesday night by Joseph Kern, Lamar Otis and T. T. Robin.

The major subject up for discussion was taxation, a point brought out was that of the Real Estate owners bearing the burden of the taxes levied for upkeep of schools and other like public improvements.

City sales tax was discussed but no action was taken. State sales tax does not come back to the municipalities it was said.

The matter of the advertising campaign, and the splendid results already received by the different C. of C.'s in return for the pamphlets sent out was also discussed and a request from the Picayune C. of C. asking to be admitted to the council was read and accepted and the Picayune chamber was unanimously admitted to the council.

Supper was served to the group at the Mirimar.

LIEUTENANT GOVERNOR OF MISSISSIPPI

Before a joint session of the Mississippi Legislature, Sam E. Lumpkin of Tupelo, Miss., assumed the

LT.-GOV. SAM E. LUMPKIN

office of Lieutenant Governor of the State of Mississippi, at 2:30 p. m. on Monday, January 21st, 1948.

Mr. Lumpkin, is 38 years of age, and a native of Hudsonville, Marshall County, Miss. He served as a member of the Legislature from 1932 to 1940, and was Speaker of the House during the sessions of 1940 and 1942, when he resigned to enter the Army Air Force. He served as Combat Intelligence Officer of the 90th bomber group in the Southwest Pacific for 15 months and was discharged with the rank of Captain.

He is a graduate of Cumberland University, Cumberland, Tenn., and is an attorney in Tupelo. He is past Commander of the American Legion Post No. 1, Tupelo, and former judge advocate of the Veterans of Foreign Wars.

Mr. Lumpkin was administered the oath of office by Associate Justice L. A. Smith of the Mississippi Supreme Court, who is a lifelong friend of the Lieutenant Governor.

Along with Mr. Lumpkin, other State officers sworn in were, Heber Lader, of Pearl River County, former clerk of the House of Representatives, who is now Secretary of State. Mrs. Thomas L. Bailey, widow of the late Governor, State Tax Collector; Greek L. Rice, who continues in office as Attorney General; Carl Craig as State Auditor; Robert S. May as State Treasurer; J. M. Tubbs, Superintendent of Education; Walter L. McGahey, State Land Commissioner; S. E. "Si" Corley, Commissioner of Agriculture; Jesse White, Insurance Commissioner and Tom Q. Ellis, as Clerk of the Supreme Court.

Mr. Lumpkin expressed his wishes to cooperate with the administration of Governor Fielding L. Wright.

Kane To Review "Natchez On The Mississippi"

The Bay St. Louis-Hancock County Library Board is presenting Harnet T. Kane in a review of his newest book "Natchez on the Mississippi" on Wednesday, February 4 at the Episcopal Parish House at 3 p. m.

Many news comments state that Harnet T. Kane's sixth book, "Natchez on the Mississippi," which made its appearance before the country this week is preceded by wide acclaim. As a result of great interest throughout the United States, this newest book by the famous author and native Southerner, entered at once into the Nation's Best Sellers List.

Advance demand brought a first printing of 45,000 copies. In addition, the publishers have issued a special Louisiana-Mississippi edition of "Natchez on the Mississippi," autographed by Mr. Kane. The book has also broken all Louisiana records and, in advance, has been making Southern sales records in many states.

Another critic says "Women play a striking part in much of Natchez's past and almost all of the multi-colored picture is built around the great houses—Clifton, Arlington, Richmond, Cherry Grove, Monmouth, Rosalie, Melrose, Auburn, Linden and so on. Fascinating! The book tells of the planter who went to Europe to get his wife a set of dishes, the cotton man who had to have marble stalls, name plates and mirrors for his horses; the "Yellow" Duchess, who had that color all around her—floors, walls, dresses, the skin of her servants, and so on down to her pantaloons; the Natchez girl who made history by saying "No" to Aaron Burr, the plantation man who kept his ready-made coffin in his attic for most of his life; the weird majesty of "Nutt's Folly," an unfinished Oriental palace in the Natchez woods; the mysterious figures of macabre "Goat Castle."

"Natchez on the Mississippi" is the first book to deal fully with the remarkable old cotton capital on the river. Mr. Kane tells of the bloody era of the Natchez Trade, most dangerous road in America, where the nation's first gangsters lurked; the dazzling days of wild "Natchez under the Hill," and he ends with a chapter on the fabulously successful garden pilgrimages of today.

The public should turn out en masse to hear this and to lend your support to your library.

Monthly Meeting New Orleans Area Council Boy Scouts Held January 13

On Tuesday January 13, the annual review of the New Orleans Area Council, Boy Scouts of America, was held in conjunction with the monthly meeting of the Executive Board in the Jung Hotel. President Lester Lautenschlaeger called the meeting to order.

Deputy Regional Executive Dudley Unkfer of Memphis, Tennessee, gave a profile display of the accomplishments of the council in 1947 and compared the results with the accomplishments of 1946.

Speakers on the program included Al Lindauer, Chairman of Organization and Extension; Major George Bliss, Advancement Committee; Richard Bowdon, Training; William Green, Health and Safety; Harry Mahfield, Scout Executive; and Jeff Collins, of the Activity Committee.

New members of the board were presented: Dr. Eaton Summers of Houma, La.; L. S. Elliott of Bay St. Louis, Miss.; Rev. E. J. Gubler of Terrebonne District; and William Green of the Health and Safety Committee.

Immediately after the business meeting, a fellowship dinner was held and recognition was given to the new members of the board.

Octave Delph and L. S. Elliott of the Bay-Pass District attended the meeting.

Altar Society of Our Lady of the Gulf Church Meets

The Altar Society of our Lady of the Gulf Church met on Tuesday in the Den at St. Joseph Academy, with Reverend Father Desmond, presiding in the absence of Right Reverend Monsignor Gmelch.

Heretofore upon the death of a member of the Altar Society a mass has been offered by the society for the repose of the soul of the deceased member. At the meeting on Tuesday this was changed and now three masses will be offered for any member who dies.

It was announced by Mrs. Charles Zett, who collects the yearly dues, that there were Two Hundred and Sixty Four (264) paid up members in 1947, and it is anticipated that the number will be increased this year. Dues are payable as of January 1st, and members are requested to pay them when called upon to do so.

C. C. Stone Addresses Rotary

Stresses Five Year Plan—Urges Care of Forest

C. C. Stone, County Farm Agent, addressed the Bay St. Louis Rotary Club on Wednesday on the "Five Year Plan" for better farms, enriching of soil, increasing and improving of stock and other agencies for the advancement of the county.

Mr. Stone also stressed the value of the forests of the county and said that 70% of the land is covered with forests and that the forest should be protected.

Mr. Stone called the attention of his listeners to the fact that Hancock County is an excellent market for chickens and eggs. He said that in other sections of the state eggs are selling for 53c a dozen and here they bring 75c and 80c per dozen.

He asked for the cooperation of 25 farmers to make the "Five Year Plan" a success and make Hancock County one of the best farming counties.

Curet Store and Post Office At Kiln Robbed

On Friday night, January 16th, thieves entered the Geo. Curet Store and the United States Postoffice at Kiln, removing from each of the places the safes.

The entry was made through the front door of the Curet Store, and the safes were removed to wooded section near the Bayou Coco Cemetery.

On Saturday morning, Sheriff Burton D. Johnston and Post Office Inspector Olin Nivins completed their check of the robbery and ascertained that \$80.00 in cash, \$14.00 in Postage Stamps, and \$20.00 in War Savings Stamps were removed from the Post Office safe. The money order blanks in the safe were left. From the Curet safe, several hundred dollars in cash was taken, however the robbers left the checks and bonds which were found strewn on the ground about the safe.

The checks, bonds and valuable papers of Mr. Curet were only damaged by the heavy rainfall of that night.

In addition to the safes, several bolts of cloth and about 20 cartons of cigarettes were removed from the Curet store.

Mardi Gras Holidays For Students at St. Stanislaus And St. Joseph

The students of St. Stanislaus and St. Joseph Academy will have several holidays for Mardi Gras.

St. Stanislaus will begin the holidays at the close of classes on Thursday morning, February 12th, and will resume classes on Thursday morning, February 12th. The Boarders will return to school on Wednesday evening.

In order to make up for the holidays, classes will be held on Thursday, February 12th, and on the Thursday when classes start again. With this arrangement only one school day will be lost.

St. Joseph will start the holidays with the end of classes on Friday, February 13th, and the Boarders will return on Wednesday, February 11th, and classes resuming on Thursday, February 12th.

The March Of Dimes Drive Is on

The March of Dimes Drive for the benefit of the National Foundation for Infantile Paralysis is under way.

During the week cards were mailed to each box holder in and around Bay St. Louis. This card contains slots for the placing of your contribution, and on the flap is a place for your name and address and the amount of your contribution. All that is necessary is that you place your contribution in the slots, put your name and address, and moisten the flap and mail it to Mrs. Stella Gex, Chairman of the County Chapter. Inside of the flap of this card is written the following: "Here is my contribution to the March of Dimes to bring hope to the children of today and freedom from the threat of infantile paralysis to those of the future." Knowing that their dime may bring a realization of that hope to the children of this country will mean much to the many who have placed it in the wells that are distributed about Town. If you have not yet made your contribution won't you consider the good that it will do and send your envelope in as soon as possible.

One half of the money collected in Hancock County remains here for the use of the local chapter and the other half is sent to the National Foundation.

The March of Dimes Drive is on, help it over the top.

Mrs. Arthur A. Scafield Will Open Day Nursery

On Monday, January 26th, at 9 A. M. Mrs. Arthur A. Scafield will open a day nursery, at her home, 305 Hancock Street. The nursery will be opened Mondays through Fridays, from 9 A. M. to 4 P. M.

Mrs. Scafield has had training and experience in the care of small children, having served as an assistant in the Day Nursery at Webb School during the period of time that it was in operation.

She announces that the children may attend all day, a half day, or even a few hours during the day.

Registration will be held this Saturday afternoon, January 24th, between 2 and 4 p. m., and at which time full information of the daily schedule, including diet will be given.

A 19 gun salute commensurate with his rank as chief executive of the State, they were fired in honor of the new Governor.

Following the inaugural address, which was shortened by the Governor, due to the inclement weather, to 50 minutes, benediction was delivered by the Reverend A. J. Boyd, Pastor of the Rolling Fork Methodist Church, and former pastor of the Main Street Methodist Church at Bay St. Louis.

In attendance at the inauguration ceremonies from Bay St. Louis were Mr. and Mrs. Ed P. Orte, Mr. and Mrs. Walter J. Gex, Jr., and Mr. and Mrs. Eugene Mogabgab. Mr. Orte and Mr. Gex being colonels on the Governor's Staff.

Little Theater Members Meet At Hotel Reed--Elect Officers And Award Oscars

John Bell Named President For 1948—Receives Award As Leading Actor of Year—Mrs. Rene DeMontluzin, Jr. Selected as Best Actress.

At an annual meeting of unprecedented size and enthusiasm held last Monday night at Hotel Reed, the Bay St. Louis Little Theater elected its 1948 Executive Board and awarded six "Oscars" for dramatic excellence during the 1947 theater season.

The meeting, scheduled to be held in the sunroom of the Reed, overflowed into the main dining-room, where the crowd of approximately seventy-five members held session for almost three hours. A report was read by Lt. J. N. Horrocks, secretary, a financial report showing excellent monetary advancement for the year was given by Mr. Rene DeMontluzin, Jr., treasurer, and a summary of the year's achievement was made by Mrs. Adeline Samuel, president. Following the reports, nominations were made for the officers of a new Executive Board, and voting was done by secret ballot. The incoming Board, which will take charge of Little Theater affairs during the organization's third year, is composed of the following: President, Mr. John Bell; Vice-president, Mr. D. L. Tonkel; Secretary, Lt. J. N. Horrocks; Treasurer, Mr. David McDonald; Stage Manager, Mr. Donald Cole; Production Chairman, Mrs. J. N. Horrocks; Art Director, Mrs. Ruth Ludebach; Business Manager, Mrs. Oliver Rarford; and ex-officio members, the out-going president, Mrs. Adeline Samuel. It is generally agreed that the Little Theater is to be congratulated on the enthusiasm shown

by the large membership attendance at the meeting and on the officers elected for the new year.

As a climax to the evening the secret ballots cast for awarding the six Oscars were counted and three of the trophies were presented on the spot. The awards, nine-inch figures of untarnishable brass resembling the famous Winged Victory, were presented to Mr. John Bell, as leading actor of the year, for his roles as the father in "Dear Ruth" and "Kiss and Tell" to Mrs. Rene DeMontluzin, Jr., as the leading actress of the year for her role as Bella Manningham in "Angel Street," and "Dear Ruth." The other three trophies were awarded to the following players row out of town: Lt. William Freeman, as the best supporting actor, for his roles as Albert in "Dear Ruth" and Mr. Franklin in "Kiss and Tell"; Mr. Ray Steifel as best juvenile actor for his role as Dexter Franklin in "Kiss and Tell"; and Miss Trudy Cieutat of Arabi, Louisiana, as best director, for her work in directing "Kiss and Tell." Congratulations are extended to the "Oscar Winners," with the hope that these awards will become a permanent feature of the January meetings of the Little Theater and will encourage all future participants in its plays to even greater effort toward dramatic achievement.

NATIONAL DEMOCRATIC CONVENTION

"By authority of the Democratic National Committee, a national convention of the Democratic Party is hereby called to meet in the Philadelphia Convention Hall, 34th Street, City of Philadelphia, State of Pennsylvania, on the 12th day of July, 1948 at 11:30 o'clock in the forenoon, for the purpose of nominating a candidate for President and a candidate for Vice-President of the United States to promulgate a platform, and to take such action with respect to other matters as the Convention may deem advisable."

Mississippi has 29 votes in the National Convention.

The basis for the distribution of delegates of the respective states is two delegates each with a full vote for each Senator and Representative in Congress from each state, six delegates, each with a full vote, for the District of Columbia, Hawaii, Puerto Rico, and the Canal Zone; and two Delegates each with a full vote, for the Virgin Islands. The total vote of the Convention is 1234. The convention will nominate a candidate of the Democratic Party for President and Vice-President. The delegates to the National Convention will be selected by the State Democratic Committee. The State Democratic Committee will name the date for holding the State Convention.

GOVERNOR PLEASED WITH START

Governor Fielding L. Wright a few days ago expressed himself as pleased with the start made on the general session activities by the 1948 legislature toward speedy enactment of appropriation measures and introduction of other bills vitally affecting the state.

The state's chief executive had asked that the legislative body get down to work immediately and not take the usual "marking time" policy adhered to in the past by the state's

lawmakers in inauguration years.

JUDGE LEE FORMALLY ANNOUNCES

Judge Percy M. Lee, of Forrest, distinguished circuit court jurist of the Eighth District since 1938, has issued his formal statement in connection with his announcement as a candidate for the office of Supreme Court Judge from the First District. He is a candidate to succeed Judge Sydney Smith, whose term expires in 1950.

"HAPPY BIRTHDAY TO YOU"

Was the unexpected greeting extended by the members of the House to Miss Ann Barclift, on her 26th anniversary. She is a member of the House from Warren County.

JUDGE GRIFFITH WILL NOT RUN

Supreme Court Justice Virgil A. Griffith, now in his 20th year as an honored member of the state's highest tribunal, announced recently that he would not be a candidate to succeed himself for Supreme Court Judge from the Second Supreme Court District. His term of office expires with the start of next year, 1949.

SALES TAX DIVISION

Division of future state sales tax with the municipalities of Mississippi which is to be asked for in a proposed bill to be presented to the 1948 legislature will meet with the approval of Gov. Fielding L. Wright if the cities, towns and villages agree to the repeal of a 1946 law giving them the right of equal division of the state surplus with the state and county.

On the basis of estimated sales tax returns of \$42,000,000 for the next biennium, 1948-50, the cities, towns, and villages would receive one-eighth of the sales tax, amounting to \$5,250,000 refund.

COMPENSATION LAW STUDIED

Last week Representative of Labor and Management met at the Edwards Hotel and considered a proposed Workman's Compensation bill to be introduced at the present session of the Legislature. Mississippi is the only state in the nation that does not have a Workman's Compensation law.

OFFICE ROOM PINCH

All departments of state government are "pinched" for office space. Every available nook and corner in both Capitols have been pressed into service. A small adjacent room to the Governor's Office, known as the bathroom (with a king-size bat-

tub), has just undergone a remodeling process and now looks like it was originally built for an office.

VETS USE STATE LOAN

The State of Mississippi through its Veterans' Farm and Home Board has loaned \$867,587.00 to veterans of World War II for the construction of homes or purchase of farms since July of 1946, a total of 310 farm and home purchases being included in the amount mentioned. These loans are provided from a \$5,000,000 fund set aside by the 1946 legislature for that purpose.

Veterans have repaid on the principal of their loans a total of \$49,380.52 and interest amounting to \$11,729.18 and there are no defaults at this time and none indicated.

RECOMMENDATION TO LAWMAKERS

Gas and oil pipe lines, power lines,

and gas, light and power distribution lines and air lines within the state, should be put under the Public Service Commission jurisdiction, the Commission declares in its biennial report to the Legislature, just off the press.

GOOD BUSINESS

A dispatch out of Washington says the government has invited 15 top industrial leaders to help gird the nation for any future war. Defense Secretary James V. Forrestal asked them to meet in the capitol with the national security resources board set up to handle advance planning of industrial and governmental mobilization.

This is a timely move and good business. If you want a good job done have men that know the job to do it. If a group of American industrialists, agriculturalists, scientists,

educators, and business men were selected and sent to Europe, with authority and no red tape, to rehabilitate Europe under the Marshall or any other plan they can and will do the job.

CONDITIONS BETTER

Efforts to get Mississippi's institutions out of the one-crop classification and to establish a well-rounded program of diversified farming have made notable progress during the past year according to a group of extension and legislative leaders who have just returned from a state-wide tour of the institutions.

TAX RECEIPTS ARE UP

The receipts from the 14 different taxes collected the State Tax Commission for 13 days in January show the collection to be \$1,175,446.94, an increase for the same period in 1947 of \$69,446.43.

NOTE: In newspaper language "30" means the end. It is with deep regret that I write "30" but you will receive a column occasionally from me when I work out future plans. Best of luck.

Graduates From Mississippi State As Chemical Engineer

PET BUTTER SPREAD

Broadcast: January 24, 1948

1/2 lb. butter or margarine

1/4 teaspoon salt 1/4 cup Pet Milk

Cut butter in small pieces.

Add 1/4 teaspoon salt.

Put in mixing bowl. Let stand in warm room until soft enough to stir with a spoon—as easily as mayonnaise (see note).

Let milk stand in warm room also. Butter and milk will blend better if they are the same temperature.

Stir milk into soft butter gradually, adding 2 tablespoons at a time using mixing spoon, rotary egg beater or electric beater at low speed. When all milk is added, beat vigorously 1 minute to blend completely.

Cover bowl and chill, or pack while soft into straight-sided dish. Keep chilled when not in use.

Serve as spread on bread, pancakes, waffles, biscuits, muffins, etc. Makes a little less than 2 cups (1 lb.).

NOTE: If kitchen or weather is cool, place bowl containing butter in large bowl or pan half filled with hot water, stirring butter as it softens.

THE EXPANSION OF MISSISSIPPI'S ONLY PORT MEANS GROWTH AND PROGRESS FOR THE ENTIRE STATE

Mississippi is on the march! Our agricultural income is at an all-time high. We have more industries and more people gainfully employed in industry than ever before. We are bringing about a healthy balance between agriculture and industry.

We have in the Port of Gulfport our own deep sea harbor that connects the cities, towns and factories with the ports of the world. The expansion of Mississippi's only port means greater growth and progress for the entire state. Remember—a greater Gulfport means a greater Mississippi!

Gerald V. Price, Constable Beat No. 5.

Whereas, it appears to the board that all of its members have fully complied with all of the laws concerning their eligibility and qualification to hold the office of members of the Board of Supervisors and have taken their oaths of office.

The board therefore finds and adjudicates that each and every member of the Board of Supervisors of Hancock County, Mississippi have fully complied with all of the laws concerning their eligibility and qualification and have taken their oath of office.

Whereas, A. C. Mitchell presented commissions for the office of Clerk of Chancery Court and Clerk of the Circuit Court of Hancock County, Mississippi and also presented bonds in sufficient amounts as provided for

by law and orders of the Board and has done and performed all things necessary and required by law to qualify as Clerk of the Chancery Court of Hancock County and Clerk of the Circuit Court of Hancock County, and

Whereas, the office of the Clerk of the Chancery Court and the office of the Clerk of the Circuit Court of Hancock County having previously been consolidated as provided for by law.

The Board therefore finds and adjudicates that A. C. Mitchell has fully complied with all of the laws and orders of this Board relative to eligibility and qualification and has taken the oath of office as provided by law and is the duly legally constituted Clerk of the Chancery Court of Hancock County and Clerk of the Circuit Court of Hancock County.

Be it ordered that the official bond of members of the Board of Supervisors be and they are hereby fixed at \$11,500.00 being the amount fixed by law in accordance with the total ad valorem taxes collectible in the county for the year 1948. All orders of the Board of Supervisors in conflict are hereby repealed.

Be it ordered that the bonds of the Justices of Peace of Hancock County be and are hereby fixed at \$1,000.00 all previous orders of this board on the subject be and the same are hereby repealed.

Whereas, The people of Hancock County suffered severe injury and damage to their property, the sea wall and the Beach Road, the main thoroughfare of the county as a result of the September 1947, storm, and

Whereas, In the original construction of the sea wall and the Beach Highway the people of the county placed a very heavy tax burden on their property. The tax valuable and the heaviest tax producing property being on the beach, large portion of which was totally destroyed by the storm, the remaining part being badly damaged, and

Whereas, Hancock County is now without funds to restore the sea wall and the Beach Road, assistance is imperative, and

Whereas, Harrison County Beach Road and sea wall is being reconstructed from State Highway funds because said Beach Road is on Highway Ninety. Hancock County is without state aid, and

Whereas, The Beach Highway in Hancock County is not on Highway Ninety, a large portion of the traveling formerly used and will use the Beach Highway, when replaced as a part of their travel to New Orleans by way of Waveland and Lakeview, a part of that traffic being heavy vehicles and

Whereas, Many of the property owners of the beach are now unable to reach their respective property by vehicle. The replacing of this road and sea wall is very urgent, urgent also because high tides will continue to erode and destroy a great portion of the exposed road and property.

Therefore be it resolved by the Board of Supervisors of Hancock County, Mississippi, that his Excellency Harry S. Truman, the President of the United States, be an is hereby appealed to, to lend emergency aid to Hancock County in replacing the sea wall protection and roadway in Hancock County, Mississippi.

Be it further resolved, that the Honorable James O. Eastland and John C. Stennis, United States Senators and Congressman William M. Colmer be and they are respectively requested to call on and urge the President of the United States to lend his help in this emergency for Hancock County, Mississippi.

Be it further resolved that copies of these resolutions be sent to the President and to the United States Senators from Mississippi and the Congressmen from this district.

Be it ordered by the Board that Ed. P. Ortte, as President, be authorized and directed to sign and forward to the United States District Engineers at Mobile, Alabama, the following letter to-wit:

District Engineer,
Mobile District
Corps of Engineers
P. O. Box 1169
Dear Sir:

In accordance with the provisions of Section 2 of Public Law, 520, 71st Congress, approved July 3, 1930 (Chapter 847 paragraph 2, 46 Stat. 945; 33 U. S. C. 426) as amended and supplemented, the Board of Supervisors, Hancock County, hereby makes formal application for a cooperative study of the problems in Hancock County for determining the best method of protection of the sea wall and restoration of a sand beach seaward of the wall and the efficacy of groins in protecting the restored beach. It is desired that the study be prosecuted jointly by the United States through the Corps of Engineers and by the Board of Supervisors of Hancock County.

The Board of Supervisors of Hancock County designates J. R. Rollins, County Engineer, its engineer representative.

A map showing the location and limits of the study is attached hereto.

The proposed work is to consist of the pumping in of a sand beach the entire length of shore line—a distance of 12 mi. sand beach to extend 300 feet seaward of the wall, to sea wall and construct drainage.

The cooperative beach erosion report in Hancock County was submitted by the Beach Erosion Board to the Chief of Engineers April 3, 1942 in a letter which was furnished to the County Board of Supervisors.

The Board of Supervisors would like to finance this study the same as the study made in 1942, the County contributing 50.5 per cent of the cost of the study and the Federal Government, the United States through the Engineers, Mobile, Alabama, and the Beach Erosion Board contributing the remainder of the cost.

E. P. Ortte, President
Board of Supervisors
Hancock County.

On motion of Supervisor Shaw seconded by Supervisor Lott the following resolution was unanimously adopted.

Whereas, the power lines of the Coast Electric Power Association should be moved where the road near Fenton and Bayou La Fare bridge is being replaced and reconstructed, and

Whereas, Coast Electric Power Association requires written request and an order of this board to move said line, poles and fixtures and the county agrees to pay the actual cost of moving same, and it is the desire of this board that the line be moved so that the county highway can be properly constructed.

Therefore, be it resolved by the Board of Supervisors of Hancock County, Mississippi, that the Coast Electric Power Association be and is hereby requested to move said line in the manner and place as stated and required by the county engineer, and this board obligate itself to pay the actual cost for moving said line as herein requested.

Be it ordered by the Board that the Clerk is authorized and directed to issue warrant in the amount of \$174.09 payable to the L & N Railroad Company for freight and demurrage as per claim number 1671 and that said warrant be issued out of the Bridge Fund.

On motion of Supervisor Jones seconded by Supervisor Shaw the following resolution was unanimously adopted.

Whereas, the hurricane of September 19, 1947 and heavy rains destroyed the Bridge and washed away a large part of the fill at the Bayou Latere Bridge near Fenton, making it necessary to replace the fill, and

Whereas, The state is doing a large part of the work in hard surfacing the road and rebuilding the bridge at that point and the state has required the county to furnish the place where the fill is to be taken, requiring the county to purchase the fill necessary, and

Whereas, Mrs. Gene Gobert owns land nearby and has agreed to sell the necessary fill off of her land to do the work for the consideration of \$300.00 and believing said amount to be reasonable,

Therefore be it Resolved, that the county purchase the land or fill necessary to complete the construction of the roadway at the said Bayou Latere Bridge at Fenton, and pay said amount out of the Bridge Fund as per claim number 1682 on the Claim Docket.

Be it ordered that Albert D. Biel's application for homestead exemption for the year 1947 be and the same is hereby allowed in the full amount provided for by law on the property described as Lot 272, Second Ward, City of Bay St. Louis, as per the Drake Map.

Be it further ordered that the Clerk of this Board be authorized and directed to do and perform all things required under the laws relative to effecting this exemption on the Assessment Rolls of Hancock County, for the fiscal year of 1947.

Be it ordered by the Board that the Board recess until Friday morning January 16th, 1948, at 11:00 A. M.

Opportunity Knocks

IN 9 foot moving-years, Mississippi has become one of the important oil and gas producing states of the nation. From one discovery well in 1939, Mississippi today has over 1000 producing oil wells, vast natural gas reserves, and two oil refineries. Proven reserves are now over 600 million barrels of oil and from two to three trillion cubic feet of natural gas.

One of Mississippi's most important jobs now is to make sure that the maximum possible barrels of oil and cubic feet of gas are produced from these reserves. This can only be assured by sound and modern engineering and conservation principles administered under a new conservation law that protects the State, the general public, and this industry.

Mississippi, in enacting such a law, has the opportunity to carefully study and profit by the experiences of other and far older oil and gas producing states. This Association has made available to the members of the Legislature the conservation laws of all other states and much factual conservation information in an effort to assist in every way possible.

In perfecting a practical conservation law the Legislature, with the help of this Association, can render an outstanding public service because what helps the sound development of our oil and gas resources helps Mississippi and all Mississippians.

HOW MISSISSIPPI INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

YOU'RE Still LIGHTING WITH GAS

The electric industry, like many others in Mississippi, is built on natural resources. A great part of the electricity generated by public utilities in Mississippi is produced with natural gas, much of which is supplied from the lines of the United Gas system. You are, indeed, "lighting your home" with economical natural gas—converted into electricity.

But natural gas cannot be used to generate electricity while it's buried in the ground. It must be gathered, processed and transported to places where it can be put to use. Otherwise it will always remain worthless or wasted.

31, 1948, the period during which veterans with lapsed insurance may apply for reinstatement of their term policies by merely filling out a simple form and paying two monthly premiums. Ordinarily, no physical examination is required if the veteran certifies that his health is as good as it was when the policy lapsed.

No penalty or fee of any sort is paid by a veteran who reinstates his term insurance, VA explained. Of the two monthly premiums submitted with the reinstatement application, one covers the 31-day grace period for which his insurance was continued in force without payment of premium; the other is payment for the current month of reinstatement.

After July 31, 1948, veterans whose policies have been lapsed for three months or more will be required to take a physical examination and qualify as insurance risks in order to reinstate, VA said.

Applications for total disability income riders on National Service Life Insurance policies increased steadily throughout the year, reaching 18,000 by the end of September, Veterans Administration said.

About 369,000 veterans requested changes in their National Service Life Insurance contracts during the third quarter of 1948 ending September 30, Veterans Administration said.

QUESTIONS & ANSWERS

Q—I was told that my disability which I claim was due to service, cannot be service-connected because I had it before I entered service. Am I eligible for compensation?

A—If VA decides that your ailment was incurred in or aggravated by your service in the armed forces you will be entitled to receive compensation, if it exists to compensable degree.

Q—I am a veteran of World War I and would like to know if there is any limit for filing a claim for compensation for disability caused by my war service?

A—There is no time limit set for filing claims for compensation, under existing legislation.

Q—I was practically compelled to

sign a statement before my discharge that my disability existed prior to my enlistment. Will this prevent my receiving compensation?

A—Any statement of this nature, made at discharge is considered null and void. Decision as to service connection of the inability will be made by Veterans Administration based on the service medical record, excluding the statement made at time of discharge.

Q—I have been receiving readjustment allowance from Veterans Administration, and now would like to know if the money that has been paid to me will be deducted from any future bonus that may be authorized by the U. S. Congress?

A—No.

BAY HIGH

The Tiger boxers opened their season last Wednesday night when they journeyed to Biloxi, and on Wednesday night, January 28, they open their shows against Hattiesburg Demonstration.

The sluggers expect a good season this year, and with several boys in the heavier weights will have an improved team.

In basketball the Bay High Juniors walked over Handsboro in a double header last Friday afternoon with the boys winning 40-34 and the girls emerging on top 30-22.

In the varsity lineup the girls of Bay High defeated St. Martins 39-37, while the local boys dropped their tilt 40-30. On Tuesday of this week Picayune trounced the boys and girls in a double header.

On Friday night, January 23, a double header will be played between Biloxi and Bay High here for the benefit of the March of Dimes.

INDEPENDENTS

On Monday night, January 26, there will be three independent cage games in Bay High gym for the benefit of the "March of Dimes"—when Ramonds meets Al's Restaurant, Rhodes meets Annunciation, and Al's Girls meet Gulfport girls.

ST. STANISLAUS

The Stanislaus Rockchaws knocked over the Moss Point Tigers on Tuesday night 36 to 19.

Joe David had a field day with six field goals making him high point man for the game with Shattles of Moss Point gathering the same number from the field.

The Rockchaws have shown a decided improvement since the re-opening of school, thanks to Coach Burge's plugging after the fundamentals of passing and shooting.

Our Lady of Victory from Pascagoula will be guests of the Rockchaws, Friday night with a double header, that is the Junior team will play the preliminary as usual. Tuesday night the Juniors lost a heart-breaker to Moss Point 20 to 19.

Boxing Squad

The Boxing Squad with Coach Dick Thames takes on its first meeting Friday night at Gulf Coast Military Academy. Coach Thames has collected a fine bunch of youngsters this year, and all should give a good account of themselves this week end.

"THE DARK MIRROR"

Starring Olivia de Havilland and Lew Ayres

"The Dark Mirror" is another in the cycle of psychiatric pictures and like some of its predecessors is an absorbing and nerve-tugging melodrama that will keep audiences poised on the edges of their seats. It is also an absorbing mystery story in that it concerns twin sisters, one of whom is guilty of murder, while the other has an airtight alibi. Police each an impasse when the sisters refuse to admit which is which. It is at this point that psychiatry enters the picture when a young doctor, a friend of the twins, begins a study of his two subjects and finds that one is afflicted with paranoia, a dangerous form of criminal insanity, and, with the aid of the police, finally traps her into confessing her guilt.

Olivia de Havilland is cast in the dual role of the twin sisters, role she enacts to perfection both as the mentally stable sister and as the insane twin, who at the conclusion loses her mind. A more matured Lew Ayres, as the psychiatrist gives a realistic and convincing performance. Thomas Mitchell again attains acting perfection as the lieutenant of detectives trying to solve the almost perfect crime.

Marine Corps Has Adopted Accelerated Promotion Policy For Enlisted Men

Jackson, Miss., January 15.—The Marine Corps office at Jackson announce today that the Marine Corps has adopted an accelerated promotion policy for enlisted men.

According to the announcement, the new policy guarantees automatic promotion of private first class for new leathernecks who complete ten weeks rebuilt training without offense.

Under the new regulation Marines may be promoted to corporal after a minimum of two months' service as private first class. Corporals who have served six months in that grade are eligible for promotion to the rank of sergeant.

Marines of the rank of sergeant or above must serve only one year in each rank to be eligible for promotion to the next higher grade.

Annual Congregation Dinner Of Episcopal Church Held Thursday Evening

Mrs. Harold Weston, President for 1948 Assumes
Office—Parish House To Be Enlarged

The annual congregation dinner of Christ Episcopal Church was held on Thursday evening, January 15, at 7 o'clock in the Episcopal Parish House with about 80 present.

Following the dinner reports were heard on the church and guild work for 1947.

Mrs. J. R. Shadoin, outgoing president of Christ Church Guild, gave her report, and then presented Mrs. Harold Weston, the incoming president, who introduced her officers and department heads.

N. L. Carter, senior warden, presided at the business session, and announced that the mission board has named Harold Weston as a delegate to the Men's Diocesan Council meeting to be held at Vicksburg, Mr. Carter and H. C. Williams were named as alternates.

Mr. Carter also announced that work would begin at once to enlarge the parish house. The church school has outgrown the seating capacity of the parish house and the building will be extended on the west side.

PEARL RIVER COUNTY 4-H BETTER METHODS BEST IN STATE

The State Extension office has chosen Pearl River County to receive a merit plaque for reporting the most outstanding 4-H Better Methods Electric Program in 1947. The plaque, provided by Westinghouse Educational Foundation, will be presented to the County Extension office at Poplarville.

The County Extension office report stated that typical jobs analyzed by the 4-H'ers included milking cows, washing, ironing, shelling corn, baking cake and freezing ice cream.

An outstanding activity was remodeling a milking house into a building to do laundering. The only outlay was for the washing machine and its installation. Electricity cost about 17 cents for each washing, which was done more efficiently with less labor than by previous methods.

Low-grade paint can be sold at low prices because it is made of cheap ingredients.

CELEBRATE 50TH WEDDING ANNIVERSARY

Celebrating their fiftieth wedding anniversary recently were Wiley and Elsie Daniels. They were married in Pearlinton, on December 23rd, 1897.

This venerable couple have spent a useful life, raising to manhood and womanhood 9 children as follows: Ophelia Stann, New Orleans; Wiley A. Jr., Birmingham, Ala., who is District Manager of the Peoples Insurance Company of that City; Geneva Harrison, who is Jeans Supervisor for Hancock, Harrison and Stone Counties; Alfred, who is with the Pullman Company at New Orleans; Harry, an undertaker's assistant, New Orleans; Charlotte Henderson, Chicago, who was with the adult education department of the State of Mississippi, and who during the war held a secretarial job with the Navy Department in Washington; Alonzo, who owns and operates the Supreme Cleaners in Bay St. Louis; Gladys a beautician in New Orleans and Florian the youngest of the family, is at home with his parents. They have 13 grandchildren and 1 great grand child.

COUNTY AGENT'S NOTES

Here are a few reminders for housewives to make their winter washdays easier and more efficient.

Washing machines kept in a cold place, such as an outside porch, should be brought into a warm room several hours before using. Otherwise, the oil or grease in the machine may be so stiff that the starting load will be heavy enough to blow a fuse in the circuit. Porcelain enamel tubs also need to have the chime off before using. If hot aer is poured into a very cold tub, the enamel may crack.

Clothes that freeze stiff on lines suffer more wear and tear from whipping in the wind than soft clothes. Therefore, on very cold windy days, it may be better to dry clothes indoors.

If lines are rubbed with vinegar before hanging up clothes, the fabric is less likely to freeze to lines and stick. However, if the clothes do stick, pull them very gently from lines to prevent tearing. Clothes pins warmed in the oven a few minutes before using help keep fingers up job.

Never hang wet wool clothes or blankets outdoors in cold weather. Wool is sensitive to sudden changes in temperature. It shrinks and is damaged by going from warm tub into cold winter air. Wash and rinse wool in lukewarm water and dry at room temperature. Avoid extremes of either heat or cold.

To avoid strain and save energy in carrying clothes to the lines, roll the clothes basket out on a cart or a child's wagon. By putting the basket on a cart or wagon at the right height so that clothes can be reached without stooping, a third of the energy used in hanging clothes may be saved, according to an Illinois Experiment Station report.

Pruning Roses
There are three general groups of roses. Each requires a different type of pruning. These general groups are:

1. Shrub roses. These roses are used for landscape effects and should be pruned after flowering. Remove any dead or diseased wood and thin cut canes as necessary.

2. Climbers should be pruned after flowering also. Remove all canes 3 years old and older.

3. Hybrid tea roses. For a few larger blooms with a long season of bloom, you should prune these roses heavily. Cut the canes back until they are about 8 inches high. Remove small branches. Prune in late February or March.

Prune all roses when they are planted, cut away all the top except 3 to 4 inches high. Cut or remove broken or bruised roots.

Meat Ideas
The commercial and utility grades of beef can be used satisfactorily in making meat loaf.

Rolling oats makes a good meat-stretcher for many main dishes. In meat loaf, oatmeal builds up the food value of the meat loaf by adding important amounts of protein, iron, vitamin B₁ and the protein value of both meat and oatmeal is enhanced, too. The oatmeal also absorbs the meat juices and improves the texture of the meat loaf.

Use any leftover meat loaf in sandwiches for the "lunchboxes." Sliced or ground and mixed with a little chili sauce or ketchup, it makes a delicious sandwich filling. Or use as stuffing in baked stuffed peppers or onions.

CALCINATOR Automatic DISPOSAL UNIT

HERE!
NOW!

to give

"GOOD RIDDANCE TO BAD RUBBISH!"

With Calcinator, those distasteful trips to the garbage receptacle with kitchen refuse are ended forever! There's just no garbage to attract rats and flies... no space in your yard made useless by evil odors!

Yes, at last, an unpleasant task is made pleasant—with Calcinator, the new automatic gas-fired or electric disposal unit. Rinds, bones, eggshells, coffee grounds and food scraps don't have a chance to accumulate and become garbage. Calcinator stands ready in your kitchen, basement, or utility room—wherever there's a gas connection

—to take paper-wrapped refuse at any time—also waste paper, cartons and other household waste. Heat from the economical burner dehydrates the refuse, then slowly consumes it without high heat, smoke or odor. And 98 per cent of the low heat required for calcination, or reduction to ash, comes from the burning material itself. That's why Calcinator uses no more fuel than your electric iron or a simmer burner on your gas range! You'll like Calcinator's compact size, its gleaming white enamel and chrome finish.

400 Present at a Chamber Of Commerce Dinner Celebrated 44th Wedding Anniversary

We wish that it had been possible for all of the business men of Hancock County to read the last issue of the Sunday Mirror of Columbia, Miss.

In this issue was a picture of the membership of the Marion County Chamber of Commerce in attendance at an Annual Dinner, and an article of great length covering this particular meeting, where it was stated that 400 members of the Chamber of Commerce of Marion County were present.

The plans for the work of the Chamber of Commerce for the ensuing year are laid out and they have a definite program.

Just think, 400 members present at a meeting. No wonder Columbia

Sunday, January 18th., afforded Mr. and Mrs. Gus Tartavouille an opportunity for much celebration, as it was their 44th. wedding anniversary and Mrs. Tartavouille's 60th. birthday.

The day was spent at their home on the old highway, where their children gathered and where they received the congratulations of their neighbors and many friends.

This couple have lived a long and useful life together, and have always met whatever hardships that may have come in their path with a smile.

They have five sons and four daughters.

and Marion County are on the up-grade. They are looking forward.
